EyeKon Eye Wipes

Our wipes appeal to a wide variety of consumers for convenient eye cleansing at the home or office. EyeKon's single-use eye wipes are packaged in individual packets. Portable travel sized packaging is the on-the-go trend among active lifestyles for quick easy beauty gratification and the feeling of improved health.

Anytime, Anywhere, EyeKon Eye Wipes are there!

30 Packets Per Box

Distributing EyeKon Eye Wipes can be an excellent source of income for your practice or use facility. Great for removing patients make-up prior to exams. The ophthalmologic research has shown that most surgical site infections are caused by the patients own germs. Decreasing the number germs on your patient prior to surgery may result in faster post-operative recovery.

Effectively removes cosmetics!

Excessive oil and debris can build up on your eyelids and cause irritation. EyeKon's pillow soft pads whisk away irritants such as pollen or dust and remove oil & debris which may cause eye irritation. EyeKon's moist cleansing cloths provide a cool rush of hydration & moisture while promoting proper hygiene.

To avoid stripping skin of its natural moisture, our wipes are uniquely formulated without alcohol. Tocopheryl Acetate is the most common form of Vitamin E and is FDA approved and recognized as generally safe. Studies have shown that Vitamin E helps protect the skin from UV damage as well.

Our wipes are excellent for cleaning the sensitive skin around the eye. Keeping the skin around the eyes clean keeps disease causing bacteria at bay, including:

- Hay Fever & allergy irritation
- Conjunctivitis
- Blepharitis
- Dry Eyes
- Stinging, Burning & Itching
- Chemical, Smoke & Dust irritation

80 Pads Per Jar

Distribution

ORDERING INFORMATION

Please place lens orders by model number, diopter power and purchase order number. All prices are F.O.B. Clearwater, Florida.

BECOME A DISTRIBUTOR

Private labeling available. Please contact a customer service representative for additional branding information. Our products may be obtained from a distributor serving your geographic area. Contact us to find a distributor serving your area.

RETURN OF GOODS AND RSTERILIZATION POLICY

Unopened lenses will be exchanged for comparable dollar value provided they have not exceeded their expiration date. The returned lenses must be in their original, unopened, and undamaged packaging to be eligible for replacement or credit. A processing fee may be assessed for the unopened lenses. Prior to returning the lenses, the customer must obtain a RETURN AUTHORIZATION NUMBER from the Customer Service Department and provide EyeKon with the serial number, power, and reason for return. DO NOT ATTEMPT TO RSTERILIZE LENSES AND/OR PRODUCT!

A-CONSTANTS

"A" – Constants shown are estimates. Values may be used as guidelines in the calculation of implant power. EyeKon recommends surgeons to develop their own values based on experience, technique, measuring equipment and desired postoperative results.

CAUTION: FEDERAL LAW RESTRICTS THIS DEVICE TO SALE BY OR ON THE ORDER OF A PHYSICIAN.

Products manufactured in the United States.

Key Features

Alcohol Free

No need to rinse

Gentle enough for contacts

Eye Spears & Eye Wicks

Spears are used gently on the eyeball and cornea in various applications including:

- Cataract Surgery
- LASIK Surgery
- Refractive Surgery

EyeKon Eye Spears are designed to quickly clean the surface of the eye and absorb fluids during ophthalmic procedures.

EyeKon Eye Wicks absorb and direct fluid from the surgical area during ophthalmic surgery. Wicks can easily be trimmed to fit any patients required size.

EyeKon Eye Spears & Wicks are Sterile - Single Use - Disposable
