Earned Reputation as a High Tech Innovator

We are a Medical Device manufacturer of Intraocular Lenses (IOLs), Capsular Tension Rings and Viscoelastics. EyeKon Medical, Inc. is a privately owned 20,000 square foot manufacturing facility located in Clearwater, Florida. EyeKon has been responsible for restoring the quality of life for over 25 years.

We are dedicated to the design, development and manufacture of ophthalmic surgical devices using only the finest materials, workmanship and quality control practices.

We strive to meet the growing needs for "state-of-the-art" technology in the marketplace. We continue to develop new and innovative products to deliver clinical value beyond the industry standards. We take great pride in offering the most technologically advanced developments in ophthalmic medical devices.
